Akash R A

A Passionate Information Science Engineer

□ +91 8660497408

in in/akash-relekar-527294309

Objective

Motivated and detail-oriented Bachelor's student in Computer Science with a strong foundation in software development, testing, and problem-solving. Eager to apply my academic knowledge and technical skills as a Summer Intern at Akamai Technologies. Seeking to contribute to real-world projects while learning from industry experts in software engineering and testing.

Education

B.E. in Information Science and Engineering

2022-2026

The National Institute of Engineering, Mysore, Karnataka, India

CGPA: 9.05

Pre-University (PUC), Science

2020-2022

Unity PU College, Nanjangud, Mysore

Percentage: 95.67%

10th STD/SSLC Unity English Medium High School, Nanjangud, Mysore

2018-2020

Percentage: 97.28%

Technical Skills

• Data Visualization: Microsoft Power BI, Excel

• Programming Languages: C, Java, Python

• Software and Tools: Git, Eclipse, Visual Studio Code

• Web Technologies: HTML, CSS, JavaScript, Node.js, React

 Soft Skills: Presentation, Planning, Organization, Creative Problem-Solving, Teamwork, Active Listening, Adaptability, Analytical Thinking

Projects

Foodie Express - Food Delivery Website

(Oct 2024 - Dec 2024)

Role: Full Stack Developer

Description: Developed a MERN stack website to streamline food ordering with real-time tracking.

Key Contributions:

- •[regular] Built responsive user interfaces and RESTful APIs for seamless order management.
- $\bullet_{\text{[regular]}}$ Integrated real-time notifications using WebSockets.
- [regular] Collaborated with a team of 4 to deliver the project on schedule.

Internship

Java Programming Intern

The Website Makers (Dec 2023 – Jan 2024)

- •[regular] Developed and tested Java applications under expert supervision, enhancing practical software development skills.
- [regular] Participated in a multi-stage internship with technical assessments and face-to-face interviews, gaining valuable industry insights.

Online Courses & Certifications

- Workshop on Advance OnShape (Feb. 2024) ComedKares
- Introduction to Relational Databases (Aug. 2024) Coursera
- Operating Systems and You: Becoming a Power User (Aug. 2024) Coursera
- 1-Day Al Tools Workshop (Feb. 2024) be10x
- Introduction to Artificial Intelligence (Aug. 2024) Great Learning
- Digital Media and Marketing Strategies (Nov. 2023) Google
- Smart Device and Mobile Emerging Technologies (Nov. 2023) Google

Relevant Courses

Data Structures and Algorithms, Software Engineering, Database Management Systems, Operating Systems, Object-Oriented Programming, Web Technologies, Agile Methodologies, Unit Testing, Debugging.
